### WHEN TO USE?

#### + AFTER A MEDICAL PROCEDURE

Neutering • abdominal surgery • other medical procedures near the chest, neck or torso • wounds (with or without sutures)

#### + IN CASE OF MEDICAL CONDITIONS OR SKIN PROBLEMS

Excessive licking • allergies • hot spots • protects ointments • minimizes scratching and biting

#### + OTHER APPLICATIONS

Light incontinence and when in heat (dogs) • gives nursing pets a break • minimizes shedding and hairballs (cats)

### FEATURES MPS-MEDICAL PET SHIRT®

- ✓ Comfortable fully closed design
- ✓ Light blue inner layer simplifies wound control
- ✓ Snaps/poppers for good fixation
- ✓ Breathable 4-way stretch fabric
- ✓ Available in multiple prints and sizes

**Dogs:** The shirt can be rolled up inwards and secured to the chest with the hold-up system to be able to walk your dog or to check the wound.

**Cats and rabbits:** Because of the specially tailored opening at the back, the majority of pets can leave the shirt fully closed while using the litter box.
